

THE UNIVERSAL PEACE SANCTUARY

*His Eminence Shyalpa Tenzin Rinpoche invites you to attend
the Stone-Laying Ceremony and celebrations for the resumption
of construction for the Universal Peace Sanctuary in Lumbini, Nepal.*

On December 16, 2023, join hundreds of Universal Peace Sanctuary members and peace activists from around the world in prayers, meditation, dances, and festivities.

Enjoy the magical theatrical presentation of *MAYADEVI, The Play of Unconditional Love*, which reenacts the birth of Prince Siddhartha, who was destined to become the Buddha. The Universal Peace Sanctuary will honor the divine mother, Queen Mayadevi, and all our mothers of past, present, and future who exemplify selfless love in caring for their children. Unconditional love is the true source of peace in the world.

The Universal Peace Sanctuary is a place where people of every race, color, and creed can come together and work for the well-being and benefit of all humanity. It will be an open forum where peace-loving individuals, world leaders, and policymakers can work together to find peaceful resolutions to global conflict.

The guiding principle of the Universal Peace Sanctuary is to “make peace more fashionable than war.” We must confront the internal wars of craving, hostility, and ignorance by looking within and pacifying the root causes of conflict and war.

Our current trajectory is proving insufficient in addressing escalating wars, climate change, and declining mental and physical health worldwide. We need novel solutions, and for that, we must work together as one human family.

After the ceremony, Rinpoche will be carrying stones for the foundation and asks participants to join him in the physical labor, demonstrating our collective commitment to work diligently for peace. This historic day will be recorded and preserved as a testament to the courageous efforts of activists for peace throughout the world.

Join us as an honored guest at the Stone-Laying Ceremony and celebrations for the resumption of construction for the Universal Peace Sanctuary on December 16, 2023.
